## gadora chic

The elegance of blown glass, the refined organza lampshades, the precious finishes in white, chrome and gold 24 kt. Each detail of the Gadora Chic collection is an element of class and style. A unique and immediately recognizable style but at the same time customizable, according to the choices of space and furniture. In addition to the options shown in our catalogue, as a matter of fact, the distinctive feature of these suspension lamps is that you can customize the pendants at different heights or create compositions of variable shapes, thus offering enhanced flexibility in terms of configuration.

There are lots of creative possibilities. As well as the chances of getting dazzled by her beauty.
