

OASI™

SUSPENSION

TYPE:

PROJECT NAME:

OASI

Elegant as a pinstripe, sophisticated as a chronograph. The study of light and of the most modern technique are the bases on which Oasi lamp is designed. The light, produced by a simple fluorescent source, enhances the details of the lines imprinted on high pressure laminate, enriched with metallic sparkles, concentrating the light at the center of a relaxing visual and perfectly balanced oasis. An oasis of technique and aesthetic ideal for working areas and contemporary decor.

Frame: HPL (high pressure laminate) and aluminum, available in aluminum mirror and glossy white.

Diffuser: transparent methacrylate inside.

BL: White polished finish

SK: Mirror
