

BITTA™

S78T1B5/E5 BOLLARD

TYPE:

PROJECT NAME:

Winner of the Premio Compasso d'oro ADI 2014 award, Bitta perfectly blends functionality, aesthetics and technology. This lamp is the contemporary and innovative reinterpretation of the traditional and iconic boating cleat. The intuitive and linear design enhances the strong material that characterizes the collection, creating a visionary harmony that allows for personalization in outdoor spaces. The light beam shining downwards is the result of the careful research aimed at respecting the environment.
