

HEART™

SERIES

TYPE:

PROJECT NAME:

heart

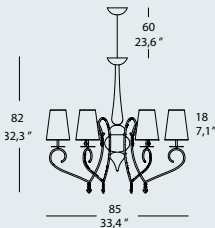

• technical data

The romantic and appealing Heart collection takes inspiration from the shape of a heart, giving it a unique and precious style. Heart is a visual emotion, enriched by the preciousness of the finishes, the brilliance of Spectra crystal pendants, and the elegant lampshades in fabric "chINETTE". A touch of femininity and original elegance, an expression of love and design dedicated to the classic furniture.

Frame: chromed or white polished finish, or black polished finish metal.

Glass: blown with transparent, white or black crystal Spectra pendants.

Diffuser: lampshades "chINETTE" in colors: ivory, black and white.
